### BEST DESIGN TIP:

Sometimes it is worth taking a step back to re-evaluate what you consider to be a fixed decision; it can lead to unlocking a big design leap forward.

### FAVORITE PATTERN:

Texturally rich tessellations

### BEST ADVICE:

As written by Twyla Tharp: "you don't have a really good idea until you combine two little ideas."

### HIDDEN TALENT:

Out of the box problem solving and catching almost anything before it hits the floor!

### IF IT'S THE LAST THING

#### I DO...

I'll fulfill my dream of finding a whole forest hillside covered with my favorite culinary mushrooms to forage for dinner.

### TRIP OF A LIFETIME:

Future stay at the Reschio hotel in Perugia, Italy. A beautifully restored castle dating back to 1050.
